

CROWD

Pushed Forward to Prisoner

Intending To Lynch Him in a Hurry

BUT A NERVY SHERIFF KEPT THE MEN BACK

WHILE NEGRO WAS TAKEN AWAY

Bryant Admitted He Struck a White Man and the Crowd Demanded His Death.

(Advocate Telegram.)
Fulton, Ky., May 16—Pandemonium reigned for a time in the Fulton Circuit court at Hickman today and had it not been for the prompt action of Sheriff Carpenter and the court officers a lynching would have occurred.

Vine Bryant, a negro was on trial for shooting Leslie Hackett, a young white man. Bryant acknowledged that he struck Hackett on the head with a pistol, and as Hackett turned to get away, shot him in the back. At this admission the spectators arose as one man and amid shouts of "hang him!" surged forward to lay hands on the prisoner. Sheriff Carpenter held the crowd at bay while the deputies rushed the negro out of the back door, hustled him into a wagon and hurriedly left town. He was driven to a point on the Nashville, Chattanooga and St. Louis railroad, where a train was boarded and the prisoner taken to Eddyville.

The jurors returned a verdict of guilty without leaving their seats and the defendant was sentenced to five years in the penitentiary.

Hackett, Bryant's victim, is still confined to his bed suffering from a paralytic stroke which followed. The bullet entered his back injuring his spinal column.

ANXIETY

And Humiliation Caused Because Lulu Spence Alleges Her Telegram was Opened at a Hotel.

Indianapolis, Ind., May 16—A suit has been filed against the Western Union Telegraph company and the Indiana Hotel company by Louisa Hadley, asking for \$5,000 damages. The plaintiff is also known as Lulu Spence, her maiden name, and she is the former chambermaid at the Hotel English, from which she was discharged because she refused to make a bed that had been occupied by Booker T. Washington.

Her grievance is the direct outgrowth of the popularity she is enjoying with people of some of the southern states who are insisting on making a heroine out of her because of her action in the Washington incident.

A man at Houston, Texas, read her story and telegraphed her an offer of a position. The message was taken to the Hotel English, where she had been employed. It was opened there, she maintains, by the hotel people.

She now claims that the contents of the message were made public before they were known to her and she thinks that \$5,000 would about compensate for the "great uneasiness, anxiety and humiliation" she suffered on that account.

WAITING

FOR DISPATCH BEFORE TAKING BODY AWAY.

While Mother and Son Feel Sure of Dead Man's Identity, They Seek Further Proof.

Forest McCann, a son of Mrs. Frank Wilson of 955 Caldwell avenue, Columbus, came to Newark at 12 o'clock Saturday noon, and went to the vault at Cedar Hill cemetery, where he viewed the remains of the man supposed to be Walter McCann, his brother. McCann's mother had on Friday identified the body as that of her son Walter.

The young man was not positive in his identification, but thought the features resembled his brother's.

He waited at McGonagle's for a telephone message from his mother in Columbus. She had telegraphed to Yorkville, Ky., near Louisa, where Walter was working for a man named O. P. Page, a contractor on April 4, on which date he mailed a letter to a friend in Columbus. The answer to the mother's message will be communicated to Forest in Newark, and will determine whether or not the remains which were positively identified by Mrs. Wilson, will be taken to Columbus and buried as Walter McCann.

No answer had been received up to 3:30 p. m. Saturday.

GOMPERS

Says the Denunciation of Anything Which is Right Will Not Bring About a Change.

(Advocate Telegram.)
Washington, May 16—President Comptroller of the American Federation of Labor, today expressed himself as follows on the action of the New York building trades employers and their denunciation of the Walking Delegates of labor unions:
"Denunciation of anything which is right will not bring about a change. The walking delegates are the business agent of the union, acting under instructions of the union, just like the representative of any business house and is usually one of the most conservative of all. In denouncing the business agent or walking delegate, these men in New York simply show that behind their denunciation is hidden an attempt to weaken the union itself."

A speaker at a meeting of the building trade employers last night referred to walking delegates as parasites on labor demagogues and betrayers of labor unionism.

THREAT

That Some One Will Kill Kate Nobbe if Lizzie Hangs.

(Advocate Telegram.)

Memphis, Tenn., May 16—Mrs. Lizzie McCormick, who is charged with sending poisoned whisky to Mrs. Kate Nobbe, of Cincinnati, and which caused the death of Benjamin Ficker, has been remanded to jail here without bail. After being locked up Mrs. McCormick was heard to say: "If I hang for this, Kate Nobbe will never enjoy Ed Pell. There is someone ready to kill her in 24 hours after I am gone." This was all she would say.

She gave vent to this remark after she had whispered to Pell, with whom she had been living, "Will you stick with me?" Pell said he would. Pell told Detective Sweeney of Cincinnati, this morning that Mrs. McCormick wrote him sharp letters while he was in Cincinnati a short time ago. She was jealous of Mrs. Nobbe, he said. In order to settle her down he wrote Mrs. McCormick that he would not return unless she wrote him sweet letters, and she did so, apologizing. He says he burned all the letters as there was love in them and he did not want anyone to see them. He said, that while in Cincinnati, Mrs. Nobbe talked of marriage to him and he told her he was not going to marry anyone. She was bitter over this. He declared that both the women wanted to marry him. He destroyed all of Mrs. Nobbe's letters also he said, as they were full of love.

THREW PEPPER

INTO THE EYES OF THE JUDGE WHO RULED AGAINST HER.

Had Lost Case in Police Court and Mrs. Leland Sought Revenge—Sight Not Impaired.

Cincinnati, O., May 16—Displeased over the outcome of a case in police court Mrs. A. E. Leland, aged 38 tried to blind Judge Wm. H. Lueders. In his office late yesterday afternoon by throwing cayenne pepper into his eyes. He was hastily taken to the hospital where the physician stated that no serious damage had been done.

Mrs. Leland appeared in police court as the prosecuting witness against Police Officer Ogden, who, she claimed, struck her.

The testimony showed that the woman had thrown stones at the officer and had acted otherwise in such a way that the court held that Ogden was justified in any action of a forcible nature that had to be taken toward her and dismissed the officer. Mrs. Leland left the court crying vengeance against the officer and Judge Lueders.

After leaving the city hall the woman evidently purchased a large quantity of cayenne pepper and proceeded to the law office of Judge Lueders in Walnut street. When the judge appeared the woman took a package from the folds of her dress and with deliberate calmness said:

"Here, Judge Lueders," and threw the pepper into his face, completely blinding him.

He was taken to the hospital immediately and the doctors say that the sight will not be impaired and that no bad results will ensue.

The woman was arrested and made the following statement at the police station:

"I was very much discouraged after Judge Lueders dismissed the case, and I felt as if my feelings were hurt, so I made up my mind to hurt somebody else's, but I had no intention to kill the judge."

Judge Lueders says he will not prosecute the woman.

BURGLARS

Visited Several Business Places in East Newark Friday Night. Stole Whiskey and Cigars.

Burglars paid their respects to several business places in the East End on Friday night. They endeavored to gain entrance to the Driscoll saloon, by cutting a panel out of the rear door. The door however, was lined with zinc, on the inside, and they were frustrated. They then went to William Carson's saloon, and were engaged in cutting away the lock of the rear door when the woman who lives over the saloon heard them, and frightened them off. It seems that the thieves then visited the "Blazing Stump" on Webb street. Here they gained entrance and ransacked the place thoroughly in search of money. They failed to find any, however, but got away with some cigars and whiskey.

For the first time in the history of our government the imports have exceeded a billion dollars in a year. The exports are about \$1,490,000,000.

King said that he did not consider any of them to be the work of tramps. SNAKE

Bit a Sheepherder, but Alkali Water May Save the Man's Life—Suffering Untold Agony.

(Advocate Telegram.)

Helena, Mont., May 16—With his limbs swollen to twice their natural size and suffering untold agonies, Joe McFram a sheepherder, was driven to Clendive yesterday afternoon suffering from the bite of a rattlesnake and although in a terrible condition, the physicians believe he will recover. McFram saw a rattlesnake go into a hole and seized the snake by the tail. The head of the snake emerged from another hole nearby and struck McFram on the hand. The injured sheepherder ran to a small alkali hole and drank prodigiously and his limbs began to swell and he was soon helpless. A horse dragged a lariat behind him, past the hole, who caught the rope and pulled the horse into the water hole, from which he mounted the animal with great difficulty and rode ten miles to the O'Connell ranch, where he was loaded into a wagon and driven to Clendive, 25 miles away. The doctors think the alkali water saved the man's life.

Over Jefferies Attempt To Dictate Name of Referee.

(Advocate Telegram.)

Chicago, May 16—A special today from San Francisco, says:
"If Jefferies insists on naming the referee there will be no battle for the world's championship in August."

This statement made by James Corbett is the first intimation that the battle for the heavyweight title may be cancelled.

Corbett is in a rage over the attempts of the champion to dictate to him in the selection of a referee and declared emphatically that he felt impelled to pack his trunks, give up training and return to the east.

"I can see the whole plan now," declared Corbett. "Jefferies never intends to fight me if he can help himself. He was forced by public sentiment to sign the articles for a fight with me, but I am convinced that he never intends to meet me if there is any way out of it."

The conference of Corbett and Jefferies over the terms of the fight has been postponed until Monday. Corbett is working hard at the Olympic club. Jefferies is expected to arrive here tomorrow.

NARROW

ESCAPE OF LAD FROM DEATH ON SATURDAY.

Riding Bicycle in Front of the Ladder Truck—Fire at Ashley's in North Newark.

At 9:45 o'clock Saturday morning an alarm of fire was sounded from box 22, corner Third and Oak streets and at 9:49, in just four minutes, the central fire department had a stream of water playing on the burning barn and plumbing shop of Walter Ashley, in the rear of his residence, No. 47 Leroy street.

Mr. Ashley was at work in the shop and was using a quantity of oakum, a great deal being under the work bench. He struck a match, and thinking it was out threw it on the floor. It struck in the oakum, and in an instant it was in flames, the tar in the composition of the material, causing it to burn like tinder.

The fire department soon made short work of the fire, but the barn and its contents, consisting of a buggy, phaeton and some hay and feed, with the plumbing shop, tools, supplies and materials, are a total loss amounting to between \$750 and \$1000. Insurance \$500.

A lad named Earl McCurdy, who lives on Elm street had a narrow escape from instant death at the corner of Locust and Hudson avenue. This practice of boys on bicycles racing alongside of the fire apparatus, as well as in front should be stopped at once. Give the fire department the right of way, trail them, but never get in front.

She also wrote well and kept the township books for her father, who was a member of the township board. Despondency over her condition is thought to have been the girl's reason for killing herself.

CONSENT

Of Parents Required Where Minors Wish to Marry—A Local Wedding is Postponed.

A young man from Knox county appeared in the Probate court in Newark Saturday for a marriage license to marry a young lady living in Licking county. The young man himself was under 21 and the girl was also under age. The young man had a proper consent from the mother of the girl, attested by two witnesses and also the consent of his father, which was not attested. The Probate Judge informed the young man that he would have to return and get proper consent before he could issue the license. The law on this subject is very plain. It requires that in either of the contract, parties is not of legal age, the parent of the minor must either appear in open court and consent to the marriage of the applicant for the license must present a written consent signed by the parent and attested by two witnesses, one of whom must also appear in the Probate court and swear that he saw the parent sign the consent.

PROGRAM

FOR DENISON'S COMMENCEMENT EXERCISES.

Dr. Hunt Preaches Baccalaureate—
Commencement Address by Judge
Doyle of Toledo.

Granville, O., May 16—The most important commencement exercises in Licking County, those of the various schools in Denison University, will take place in less than one month. Within the space of a week Shepardson college and Doane Academy will send into the world, laden with blessings, their respective Seniors. In their honor will be delivered several addresses by men of broad reputation. The interest of the week will be enhanced by various receptions, alumni and class reunions, musicals, concerts and dinners.

The year in our schools has been a very busy one. Boys and girls have been toiling since September, with an occasional recess or holiday. Things have gone well for Denison during this first year of President Hunt's administration. He began his executive duties with the confidence of the trustees, attention of the students, and the respect of all. As was anticipated, results have proven his value to the schools of Granville. It students have worked hard they have had an example of industry in the President and Faculty, also. Now that the end is near all are feeling at least glad of the prospect of an early and much needed rest.

The commencement exercises of Denison University for the present year embrace several exceptional features. The first of these is the Baccalaureate address by President Hunt. In the early history of Denison it was the custom for the presidents of the institution to deliver the Baccalaureate sermons whenever such presidents were ministers of the gospel. The resumption of the custom by President Hunt is commended by all. Another exceptional attraction will be a concert by the Glee Club on Wednesday evening of commencement week, and while it is not official it is absolutely authentic.

A POOR WELL.

Utica, Ohio, May 16—The Herald says that the Logan company drilled in its long delayed well on the Lew Edman farm, southwest of Homer last Saturday. It proved to be a great disappointment, being so weak as to be not worth tubing. It is not a great distance from the big Pierson well and the Dixon well. It is the one for which the derrick had to be moved three times on account of quicksands, and one of the attempts having been down 1,700 feet when it was abandoned. The company decided to shoot the well, which was done Wednesday by Mr. Moyer. The shot increased the flow but slightly.

CIRCUIT COURT

Refused New Trial in the Starkey-Roberts Breach of Promise Case at Zanesville.

Zanesville, O., May 16—In the famous Starkey breach of promise case, in which Miss Loretta Roberts of White Cottage sued former County Auditor James L. Starkey for \$29,000 and secured a verdict for \$12,250, the circuit court has refused a new trial, but cut the verdict from the amount named to an even \$10,000 because, in the court's opinion, the defendant did not have property enough to meet the verdict.

Before the jury had awarded its verdict in the case, the defendant, Starkey, collected all his property into money and disappeared, leaving all the court costs unpaid, as well as the judgment that was rendered against him.

Who is Working to Build Newark-Mt. Vernon Road Sends Papers to Chicago Capitalists.

Mr. Vernon, May 16—Dr. J. F. Shrontz of Martinsburg, went to Columbus Friday to transact business relative to the Mt. Vernon-Newark electric railroad. The doctor has forwarded all papers to Chicago and the capitalists who will back the road have replied that they are well pleased with the work already done.

A BUSINESS FARMER.

Utica, Ohio, May 16—George Reed brought to the Utica market a few days ago, 15 pigs eight months old, for which he received just \$249.20, an average of \$19.17 per pig. Mr. Reed is a farmer who raises stuff that brings money, and he has a system of keeping records by which he knows just what every animal costs him to the time it is marketed.

HAS NO CASH THERE.

Utica, May 16—Mr. Wilson, the Utica banker, states that Mrs. Jennie M. Smythe of Newark, sister of W. A. Hunter the alleged Fidelity Insurance company swindler, has no money deposited in his bank. He was served with attachment papers a few days ago and ordered to pay out no money belonging to Mrs. Smythe.

MANY DIVORCE SUITS.

Marion, Ohio, May 16—Seventy-five divorce cases are awaiting hearing in the court of Marion county, a circumstance unparalleled in the history of the county. Judge Young thinks the social condition of Marion county is in a deplorable state.

The recent censuses of Scotland and Ireland show them to be almost equal in population, each having but a few more people than the State of Ohio.

DENISON WON

ONE SIDED GAME WAS PLAYED AT GRANVILLE.

Completely Outclassing the Muskingum College Team—Friday's Score Fifteen to Two.

And the explosion came on scheduled time. Gallagher, the little Muskingum "phenom", essayed to stem the victorious tide on which the Denison University baseball team is riding and "he got his" good and plenty. Bingles galore were made by Captain Flanagan's men in the game Friday at Granville, and several of the Denison players proceeded to bat their batting averages. Gallagher lasted just three innings and 11 runs were made off him, when he was pulled out by Captain Edgar, and Noble was sent to the firing line from third base. Gallagher, however, is a good pitcher, most of the runs being made off him after chances had been given to retire the side. Noble did well, and in the fifth retired the side on strikes.

These pitchers were given execrable support, the misplay being principal, those which do not show up in the error columns. There is not much to be said about the game. Muskingum was badly outclassed. Their play against Denison was analogous to a race between a sailing plater and a stake horse, and the result was never in doubt. Philpot was touched for three in the first, but after that was invincible. Roubush's two errors did not figure in the score, but Trego's wild throw was costly. The following is a tabulated story of the game:

Y. M. C. A. Athletic Park Opening.
The Y. M. C. A. athletic field at the corner of Eleventh and Church streets will be formally dedicated on next Saturday, May 23, and the day will be made a memorable one in the history of Newark sports.

Chairman of the Athletic committee, W. H. Mazey and Secretary A. A. Elchert have spared neither time nor expense in fitting up the new park which is one of the best in Ohio, and in dedicating it to the use of amateur athletics, a carnival of sports has been arranged.

The lovers of baseball, the greatest of outdoor games, will be more than satisfied with the bill to be offered, in the nature of a double header for the one price of admission.

The curtain raiser will be a game at 1 o'clock between the Y. M. C. A. teams and the second team of Denison. Immediately after the conclusion of this game, Denison's first team will line up against the strong Maroons of Columbus. The Maroons early in the season beat Denison 4 to 3, and the college team will put forth their best efforts to wipe out the sting of that defeat.

Other features of the opening day will be announced later.

Accept Our Thanks.

The sporting writer of the Advocate wishes to return thanks to Mr. Eberle for a season ticket good for all games and privileges at the Y. M. C. A. park during the season of 1903.

H. T. Brown of Lorain is here on business.

Happy Homes

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of not less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most excellent laxative and carminative principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the company—California Fig Syrup Co.—printed on the front of every package.

Paine's Celery Compound

Saved the Life of Mrs. Thos. Wileman, Bardsdale, Cal.

The Life Giving Compound That Wives and Mothers Need in May.

Paine's Celery Compound does a wondrous work for sick and half dead women in May. The conditions of winter have been detrimental to the health of women and girls everywhere; they have declined in nervous vigor, the blood is reeking with impurities, the excretory organs do not perform their work and the digestive machinery is sadly out of gear. The human machine must be cleansed, repaired and strengthened in May. Paine's Celery Compound does the work surprisingly fast, and gives a guarantee of permanent health and long life. It is the one spring medicine that truly nourishes, regulates, and invigorates the entire nervous system, from the brain to the minutest nerve filament. It gives a full, rich supply of energizing blood, it clears the muddy, unhealthy skin, it gives an increase in weight, and more refreshing sleep. Whatever be your condition, unhappy sufferer, we give you a blessed assurance of a new and lasting health through the use of Paine's Celery Compound. Mrs. Thos. Wileman, Bardsdale, Cal., writes for ailing and broken down women as follows:—

"I began using Paine's Celery Compound about six years ago. I had severe attacks of sick headache, with sick stomach and vomiting. My friends thought I could not live long, but Paine's Celery Compound cured me. I am now able to do all of my own household duties for a family of nine, and I can recommend Paine's Celery Compound to any one suffering as I did with sick and nervous headache."

It Will Not Be Grover in 1904.

There has been little favorable response from the Ohio Democratic press to any of the recent talk about nominating Grover Cleveland for another presidential term.

No level headed Democrat can think that Cleveland would be a logical candidate for the presidency in 1904. Cleveland has become Republican in his politics. He has been traitorous to the Democratic party which twice gave him the presidency. No party has done more for any man than has the Democratic party done for Grover Cleveland, and no man ever done so little in return for the party as has Cleveland.

In fact no man was ever elected to the Presidency who did so much to wreck the party that entrusted him as did Cleveland during his last term. Every Democratic leader who attended the National Convention of 1892, when Cleveland was nominated for the last time, knows how he violated every pledge that was made in his name and for him to secure that nomination, and they certainly know he is so unworthy of confidence that he cannot be trusted again.

Cleveland says he is not desirous of carrying the Democratic banner again, and perhaps he is not. But in any event the Democratic party is too wise to be led into another Cleveland trap to again be deceived and betrayed. The Democratic candidate for President in 1904 will not be Grover Cleveland.

GUILBERT
CANDIDATE OF COX-HANNA MACHINE FOR STATE AUDITOR.

His Third Term Scheme Not Popular.
Col. Gillett of Newark, Making Hot Contest.

Columbus, O., May 16.—With Wade Ellis already substantially nominated as the Republican candidate for attorney general by the Cox-Hanna machine, the fight of the unboasted Republicans in the next convention will center upon Colonel M. M. Gillett of Newark, for auditor of state, as against Auditor Guilbert in his pursuit of a third term. Guilbert is figuring on the uncompromising support of both Cox and Hanna, but there are indications that these statesmen will feel that they have gone far enough when they have thrust Herrick and Ellis as obnoxious down the throats of the unwilling delegates. If there is any protest whatever against Lossism in the convention it will be manifested in the defeat of Guilbert. His third term scheme is not popular and his record in office in connection with railway valuations and as a lobbyist before the legislature makes him particularly vulnerable this year. Guilbert has opened a literary bureau in the state house and is using the property and employees of the state to advance his personal interests. His nomination, if achieved, will be entirely agreeable to Democrats. His own party has not yet recovered from the effects of his recent sudden flop on the subject of the powers of boards of review. Mr. Guilbert has not offered any explanation of his conduct in this matter and will not offer any because it is inexplicable except on the ground that he found his efforts to build up a personal machine throughout the state, at the expense of the board of review law, too transparent and obnoxious for even the Republican bosses to endure. It would be a refreshing spectacle to witness a real contest between Republican candidates in a Republican convention in Ohio, but the only prospect of such a thing this year lies in the race between Gillett and Guilbert.

MADE A MILLION
On An Investment of Twenty-Five Cents.

Large fortunes are oftentimes made from small amounts judiciously invested, but it is seldom that an opportunity occurs to make a million dollars from an investment of 25 cents. Good health is far more valuable than money. In 1902 8,756,000 persons used Dr. Burkhart's Vegetable Compound. Eighty per cent of whom were restored to health, not one of whom would be willing to return to their former condition for a million in gold. If you are sick, suffering from any disease of the Blood, Liver or Kidneys, Rheumatism, Nervousness or Constipation, this great remedy will cure you. 25 cents. All druggists.

BRAKEMAN KILLED.

Lones Anderson Struck by Train on the Lake Erie Division Saturday Morning--The Burial Will be Made at Granville.

Mr. Louis S. Anderson, a well known young man of this city, who has been employed as a brakeman on the B. & O. railroad, was almost instantly killed Saturday morning at 4 o'clock. He left this city on Friday evening about six o'clock on the first section of freight train No. 89, in charge of Conductor Albert Shrigley, and all went well until the train arrived at Springfield, a short distance north of Mansfield. Here Brakeman Anderson went ahead of his train for the purpose of flagging a train. It is supposed that he sat down on the track and went to sleep, and that while in this condition he was struck by Passenger train No. 14, south bound, in charge of Conductor Traxler and Engineer Connors.

When the train struck him he was thrown some distance and was badly mangled. The body was brought to this city and taken to the undertaking establishment of Bowers & Bradley, where it was prepared for interment, after which the body was taken to the

home of his sister, Mrs. Herbert Carlisle, on Drumm street.

At this writing it is not known when the funeral will be held, but the remains will probably be interred in Maple Grove cemetery, Granville.

The deceased was aged about 19 years, and was a young man who was highly respected by all who knew him. He was a son of Mr. and Mrs. Charles Anderson, who live on their farm, a short distance from the County Infirmary, near Union Station. He was employed by the railroad company as a section hand on the C. & N. division for two years, and had only been bragging since the third of last December. Besides his parents he leaves two brothers and six sisters to mourn his death. They are George, a brakeman on the B. & O., who resides on South Second street; Mrs. Nellie Carlisle, of No. 8 Drumm street; Misses Lucy and Grace Anderson, also of this city; and Misses Mabel, Myrtle and Gertrude, and Frank, who live at home. The members of the family have the sympathy of all their friends.

Mr. Layton's Funeral.

The remains of Joseph H. Layton, the B. & O. fireman who met his death in the accident near Bloomingburg, on the B. & O. Southwestern, Thursday morning, were taken to Summit Station on train 107 this morning, where services were conducted by the Rev. F. M. Pitkin. The deceased would have been 27 years old had he lived until the 24th of July. Besides his widow and two little ones he is survived by his parents, four sisters and one brother.

Arm Cut Off.

John W. Richardson, a well known brakeman on the B. & O. met with a very serious accident on Friday evening. As he was running over freight train 33 near Belleaire about 7:45 o'clock, he fell from the train and partly under the wheels, his right hand being cut off at the wrist. He was brought to his home in this city on train 195.

Boiler Explodes.

Grayton, W. Va., May 15—A B. & O. locomotive boiler exploded last night. Fireman Job Jacob suffered a fractured left leg and was so badly scalded that he will die. Frank Cain, foreman of the turn shop, was scalded about the face and body. Assistant

Fireman Dawson was slightly burned. Electrician Hanston was scalded and blown several feet from the building. Had the explosion occurred during the day it would have been disastrous. Only 50 men were working when it occurred. They were saved by the store wall between the turn shop and the boiler house. The building was badly damaged.

Brakeman Killed.

Brakeman L. S. Anderson was killed this morning on the Lake Erie division, an account of which appears in another column.

The Baltimore and Ohio will double its tracks from Akron to Cleveland.

The officials of the Baltimore and Ohio ordered a searching investigation into the cause of the accident on Thursday by which Engineer May and Fireman Layton lost their lives.

The announcement of several weeks ago that the rate to the National encampment of the Grand Army at San Francisco in August would be one cent a mile, was confirmed at the meeting of the Central Passenger Association this week in Chicago.

Four Promotions.

Baltimore and Ohio freight conductors Nick Savoy, J. A. Donahoe, John Miller and A. L. Woodward have been ordered to get themselves in readiness for the post office service. They have all been connected with the road seventeen or eight years, and are good, safe reliable men. They have ordered their new summer uniforms.

Local Railway Notes.

Brakeman C. E. Haffley has returned to work.

Charles Foy has been sent to work.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed it is no longer open, and the sound is lost. It is not a matter of time, but of degree. If you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be lost forever. We have a new and effective method of curing deafness. We will give One Hundred Dollars for any case of deafness cured by our method. Send for circulars, free.

DEATH

OF PETER MURPHY OCCURRED FRIDAY NIGHT.

Well Known Grocer, ex Councilman and Former Township Trustee Passes Away.

Peter Murphy aged about 70 years, the well known grocer, died at his home, 70 Chestnut street at 9:30 Friday night after a seven weeks' illness with pneumonia.

Mr. Murphy was born in Ireland and came to Newark about 50 years ago. He learned the molder's trade at the old Handy Machine works, later going to the James B. Thomas foundry, where for 19 years he was foreman. About 13 years ago he embarked in the grocery business and at the time of his death was one of the leading grocers of the city.

The deceased was married to Miss Emily Doyle, and 11 children were born, eight of whom are living. They are Mrs. Thomas Meade, Mrs. Timothy Murphy, Miss Sadie Murphy, Fred, James, Will, all of Newark, John, of

Zanesville, and Thomas, of Youngstown.

Mr. Murphy served several terms as city councilman and township trustee, and was a competent and honest official.

He served with distinction throughout the civil war as a member of the famous 78th regiment.

The funeral takes place Monday morning at 10 o'clock from the St. Francis de Sales church, interment being made in Mt. Calvary cemetery.

Quick Arrest.

MISS MONIE BOWEY,

No. 38 Ferry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored, for several months instead of getting better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowe.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cures Miss Bowe. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowe's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

HOME ECONOMY.

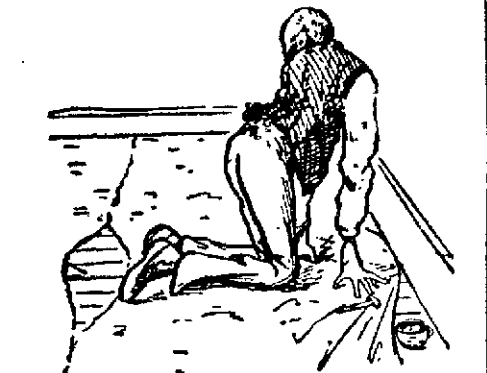

"My dear, we must begin to practice Home Economy, and to start it I'll just take hold and lay this carpet; no use paying money out for such a trifling job; and since I've cleaned it I might as well lay it, and I'll just begin right in this corner. It is no great trick to clean a carpet or lay it either."

"Oh, but you have to come up, you know; uh, ah, ah, ah-a-a."

"Well, I declare; my hands are all dirt. Wonder where it all come from, and just look at that rip, and that, and that. Why, it's all ripe! I must have pounded it pretty hard. Wonder what's the matter, anyway!"

"Ouch, O-o, my thumb! Oh, O-o! I've stuck tacks in my hands and knees and just look at my thumb all on account of this half-cleaned and worse-laid carpet. I'll send it to FRANK MYLIUS' CARPET CLEANING WORKS next time, or I'll know why."

"My dear, don't you think we will save time and money and get a more satisfactory job by sending for FRANK MYLIUS, the Carpet Cleaner, Fitter and Layer? He does the finest work that can be produced and for the least money. All work is guaranteed first-class or no pay."

MR. MURPHY
A Gallant Soldier of the Rebellion Passes Away—Tribute to Deceased from a War Comrade.

(Communicated.)
Peter Murphy, a sergeant in Company D, 11th O. V. I., died on the evening of May 15, 1903, at his home in Newark. His age was about 70 years. He served for three years faithfully and gallantly in the war of the Rebellion. He came to Newark in the winter of 1864 and worked at the Old Newark Machine Works on First street, as a moldier until he enlisted in the 76th regiment on October 15, 1861, as a member of Co. D, Charles H. Kibler's company. After the termination of his enlistment he was honorably discharged at Chattanooga, on October 16, 1864. He then returned to Newark, where he has since lived. He participated in all the marches, engagements and battles of the regiment and was in all respects a good soldier. He raised a large family of good citizens. He was a trustee of Newark township and member of the city council. He will be buried under the auspices of Union Veteran Legion on Monday, May 18th, at 9 a. m.

It is a pleasure to his surviving comrades to bear witness to his many good qualities as a citizen, and of their appreciation of his gallant conduct as a soldier, while they lament his death.

Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night.

Day in and day out, month in and month out, the year through, the working girl toils; she is often the bread winner of the family, and must work that others may live; whether she is sick or well, whether it rains or shines, whether it is warm or cold she must get to her place of employment and perform the duties exacted from her.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach; in consequence of frequent wetting of the feet monthly periods become painful and irregular, and frequently faint and dizzy spells, with loss of appetite, until life is a burden and it is hard work to drag about. All these symptoms point to a derangement of the female organism, and if taken in time can be easily and permanently cured.

A Cordial Invitation to Every Sick and Ailing Working Girl.

It is to these girls that Mrs. Pinkham holds out a helping hand, and extends a cordial invitation to correspond with her. Her unrivalled record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Grateful Words from Working Girls Who Have Been Helped.

"DEAR MRS. PINKHAM:—I want to thank you for what you have done for me. I was dreadfully tired, I stand over my work all day, and no one who hasn't tried it knows how it makes your back and sides ache. I couldn't sleep, and had no appetite, but thanks to Lydia E. Pinkham's Vegetable Compound, I feel entirely different now; it is a wonderful medicine. I do not feel that my work is hard now, and I recommend your medicine to other girls who are always tired."—Miss Isabel Surgen, 293 Willis Ave., New York City.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has done so much good for me that I wish to recommend it to all girls whose work keeps them standing on their feet all day in a hot store. The doctor said I could not live and I must give up work, and stay out of doors; he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor and I could not sleep; menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound and it helped me, I soon found that my menstrual periods were free from pain and natural; now my health is fine, and every one is surprised at the change in me, and I cannot be too grateful for what you have done for me."—Miss Janet Paine, 530 West 125th Street, New York City.—\$5000.00 forfeit if originals of above letters proving genuineness cannot be produced.

BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle.

It does for babies what it does for old folks—gives new firm flesh and strong life. You'll be pleased with the result. It takes only a little in milk to make baby fat.

Well, you'll be pleased with the result. It takes only a little in milk to make baby fat.

SUNDAY SCHOOL

Convention Opens Monday—Committees are Urged to Report Sunday.
Entertainment Desired.

It is earnestly requested that all committees who have been soliciting places of entertainment for delegates to the County Sabbath School convention which meets May 18 and 19, report the full list, by Sunday, or at the farthest early Monday morning to Harry Scott, township secretary. It is necessary to arrange the lists before convention opens.

There are still some places of entertainment desired for delegates to the County convention. It is probable that some delegates will desire to attend the Tuesday evening session and thus remain over Tuesday night. It will aid the city organization if as many as possible of those who entertain can signify their readiness to entertain delegates over Tuesday night.
